

March 6, 2022

To whom it may concern;

Re 479 Johnson Crescent, Oliver

I have been Diane's neighbour on the south side since she moved in, in March 2021.

Diane is dedicated to the well-being of her animals, and I applaud her for taking them on, as they are primarily elderly, were removed from deplorable conditions and are living out their final years with a person who truly cares for them.

I haven't had any issues having them as neighbours; the animals are quiet, taken care of and have not been bothersome to me in any way.

Regards

Wanda DiBernardo

C-2022.009-ZONE HUNTER

UNCLASSIFIED

Regional District of Okanagan-Similkameen  
Attention: Board of Variance  
101 Martin St  
Penticton BC V2A 5J9

Dear Board Members:

I write on behalf of in support of Diane Hunter's application for a variance of the land use of her property located at 479 Johnson Cres, Oliver BC.

I have been a resident of the community of Willowbrook since 2009. We are a rural community with a large amount of animals; we are also a community that cares deeply for animal welfare. We were very pleased to welcome the addition of Diane and her rescue animals to Willowbrook.

Since arriving; the animals at the property have been well extremely cared for. They are well contained and quiet. I have not seen any adverse effect to the adjacent properties and it always makes me happy to see them so content and safe here on Diane's property.

As rescue animals they cannot be easily rehomed. I feel that it would cause undue and unnecessary hardship for both the animals and Diane if they were required to relocate.

I strongly support this variance application.

Sincerely,

Suzanne Besseling
