We would like to have this property rezoned from RSM1 to RS2 so we can build our home. This property was many years ago part of the Mobile Home Park but was removed from the parcel but was never rezoned. The parcel still has a RSM1 zoning but our wish is to build a single family home on this property. We feel that a single family home would have more appeal then a modular home and add to the beauty of the property. As there are no other buildings within 300-400' away we feel that building our home would not interfere with their homes. This parcel has beauty and a new home would enrich the beauty of the area. As this parcel is an unusual shape+size the setbacks may have to be changed but we will work with the RDOS in regards to this matter after the rezoning is changed.

Additional material or more detailed information may be requested by the Regional District upon review of the application.
