Subject: Re: DVP Application No.E2022.007-DVP

To Shannon Guong and Board Members,

We are opposed to the application No.E2022.007-DVP as it will impede the current view of the lake from our properties: lots 5 (PID 012-281-387) and 6 (PID 012-281-409) and 355 Anna Ave (lot 4 PID 012-281-379 and lot 3 PID 012-281-352). If the variance is granted and the garage is built it will also have a negative impact on our property values and future plans to build on the empty lots.

Sincerely,

Sonya and Fritz Hossmann
