I am writing to amend the zoning of 2002 West Bench Drive, Penticton. Lot 1 Plan KAP14266 DL 5076 ODYD. We have new tenants that would like to put a thrift store into the commercial space on the property. There will be no construction to do so. There is currently no store in the area and the community is very positive about having a thrift store in the West Bench area. The business owners are very friendly, hard working people and they do most of their sales online so traffic will be minimal.

They also donate to several great and local causes.

Please accept my application.

Thank you very much
