Planning Technician  
RDOS  
101 Martin St  
Penticton, BC

RE; 903 Newton Dr – F07383.000

Mr. Donegan,

Please find attached my application for a Temporary Use Permit and the quoted fee of \$1250. I am hoping to bring this Issue to a happy resolution for all involved and I am asking for a little help so that myself and my family can continue to enjoy our visits. I am hoping that this application will be successful.

We have discussed many things in our emails and phone conversations and as we have tried to comply as best and quickly to all the issues brought forward. I hope for a positive outcome as the stress on my parents and costs they have had to dish out and bad feelings between neighbours is not what anyone wants.

As I have stated earlier, my family has been on this property for a very long time and the house is very small and not able to accommodate family and friends if they come for a visit and that is the only reason that the 5<sup>th</sup> wheels were in place. I know this will be family friendly as it always has been.

I have also stated that this process is a bit unfair because we are being singled out do to a complaint when it is plain to see other properties are also in violation of the RDOS's bylaws? I understand it is complaint processed but us as the owners and my kids have been the only ones staying in the RV'S throughout May till October for family gatherings or just to come do maintenance. We have moved out the 2<sup>nd</sup> 5<sup>th</sup> wheel as per bylaw to avoid additional penalties but now my children or grandchildren have nowhere additional to stay because of the complaint which insisted we had been using our property as a campground which we never have or never will. The small camper on the back of my dads truck is for storage unless they take a drive for a vacation for accomodations abroad. The small camper is usually sitting all the time on the back of his truck unless he has dump runs etc. For verification going forward please confirm that visitors can come visit and stay with their own RV's/trailers for short periods which is usually just a weekend or a week and eat and hang out up at our house with the family.

As you can see our main purpose is just to enjoy our family property which I purchased from our Gramma who is the original owner so we as a family could stay together and continue having my mom and dad living on the property.

I wish to resolve this and any other issues my neighbour may have as soon as possible.  
Thank you for your time and cooperation and again I hope for a positive outcome.

Sincerely,

Bob Perra  
Lisa Perra
